[APPLICATION] Method and apparatus for adapting computer-based systems to end-user profiles

US Pat. 11806924 - Filed Jun 5, 2007

 Thus, the end result is a **computer-based profile** testing system 100, which is displayed for the **user** as test cases in step 304. [0168] The end-**user** reviews

...

Server-based navigation system and method of operating same

US Pat. 6691026 - Filed Jun 3, 2003 - Motorola, Inc., Trafficmaster

 The navigation unit 22 uses its **GPS** module to understand the unit's current ... the **user** to access **user profile** information and billing information records. ...

Method for providing customized Web information based on attributes of the ...

US Pat. 6138142 - Filed Dec 20, 1996 - Intel Corporation

 When the **user** connects to the WWW and requests data, the web servers access the requester's **profile** and customize 45 their response to the request **based** ...

System, apparatus and method for location-based instant messaging

US Pat. 6714791 - Filed Feb 23, 2001 - Danger, Inc.

 11 illustrates a location-**based** buddy list 1100 according to one embodiment of ... A **computer**-implemented method comprising: storing a first **user's** instant ...

Application performance monitoring expert

US Pat. 6801940 - Filed Jan 11, 2002 - Networks Associates Technology, Inc.

 The system hardware architecture in this example is **based** on the Compact PCI (CPCI) multi-processor **computer** platform. The configurations can use a chassis, ...

Method and system for providing a location-based legal information service

US Pat. 6501421 - Filed Jan 8, 2002 - International Business Machines Corporation

 Subscription database 208 also stores **user** preferences 214 **based** legal information to ... such as a **GPS** ticular location determination technology. ...

[APPLICATION] Vehicle immersive communication system

US Pat. 11452117 - Filed Jun 13, 2006

 This also includes **GPS** devices (with Bluetooth or other wireless or wired ... The system of claim 9 wherein the **user profile** includes criteria **based** upon ...

Prioritized data capture, classification and filtering in a network ...

US Pat. 6633635 - Filed Jan 11, 2002 - Networks Associates Technology, Inc.

 The system hardware architecture in this example is **based** on the Compact PCI (CPCI) multi-processor **computer** platform. The configurations can use a chassis, ...

Method and apparatus for establishing a personalized connection with a network

US Pat. 6725303 - Filed Aug 31, 2000 - AT&T Corp.
